

Growing up with AS, ASD, ADHD or any additional needs is challenging.

Difficulties with social skills and social communication can lead to isolation for the whole family

Family Friendship Group

Aims to combat this and provides

- A wide range of play and sports equipment
 - Organised, timetabled activities
- Trained volunteers to support interactions
 - A safe, positive, empathic environment
 - Access to support service professionals
- A focal point for families to meet, network and enjoy some family time.
